RESPONSE TO NOTICE OF NON-COMPLIANT AMENDMENT

In response to the Notice of Non-Compliant Amendment dated October 23, 2003, Applicant submits herewith replacement pages 8 and 9 for the amendment filed on October 6, 2003 with a view to providing a more thorough and detailed identification of the status of each claim in this application. Substitution of the replacement pages for pages 8 and 9 of the amendment filed on October 6, 2003 is respectfully requested.

In all other respects Applicant verily believes the amendment filed on October 6, 2003 is in compliance.

This application is a reissue application and, as indicted in 37 CFR 1.121(i), amendments in reissue applications must be made in accordance with 37 CFR 1.173.

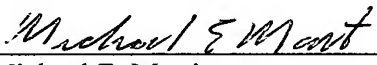

Pursuant to the requirements of 37 CFR 1.173, Applicant believes that the amendment filed on October 6, 2003 is in compliance with the requirement for amending the claims by including the entire text of each claim being changed by amendment and of each claim being added by amendment and by providing that the claims show the parenthetical expressions "amended", or "twice amended" after each claim number. Still further, in the amendment filed on October 6, 2003, Applicant verily believes that the amendment is in compliance in respect to the fact that each changed patent claim and each added claim includes markings pursuant to the requirements of 37 CFR 1.173.

However, in order to clarify the status of all the claims in this application, Applicant submits herewith replacement pages 8 and 9 for replacement in the amendment filed on October 6, 2003, which replacement pages are attached hereto and are believed to clearly indicate the status of all of the claims presented in this application.

Applicant has made a diligent effort to comply with the Notice of Non-Compliant Amendment and verily believes that the amendment filed on October 6, 2003, and particularly including the replacement pages attached hereto, render the amendment compliant.

If this response does not place the amendment filed on October 6, 2003 in compliance with the rules, Applicant respectfully requests that the Examiner contact Applicant's agent by telephone to clarify any requirements not complied with.

Respectfully submitted,
